## UC Create new Booking.

All users with a login can create a new booking.  
From the home screen press “Login”

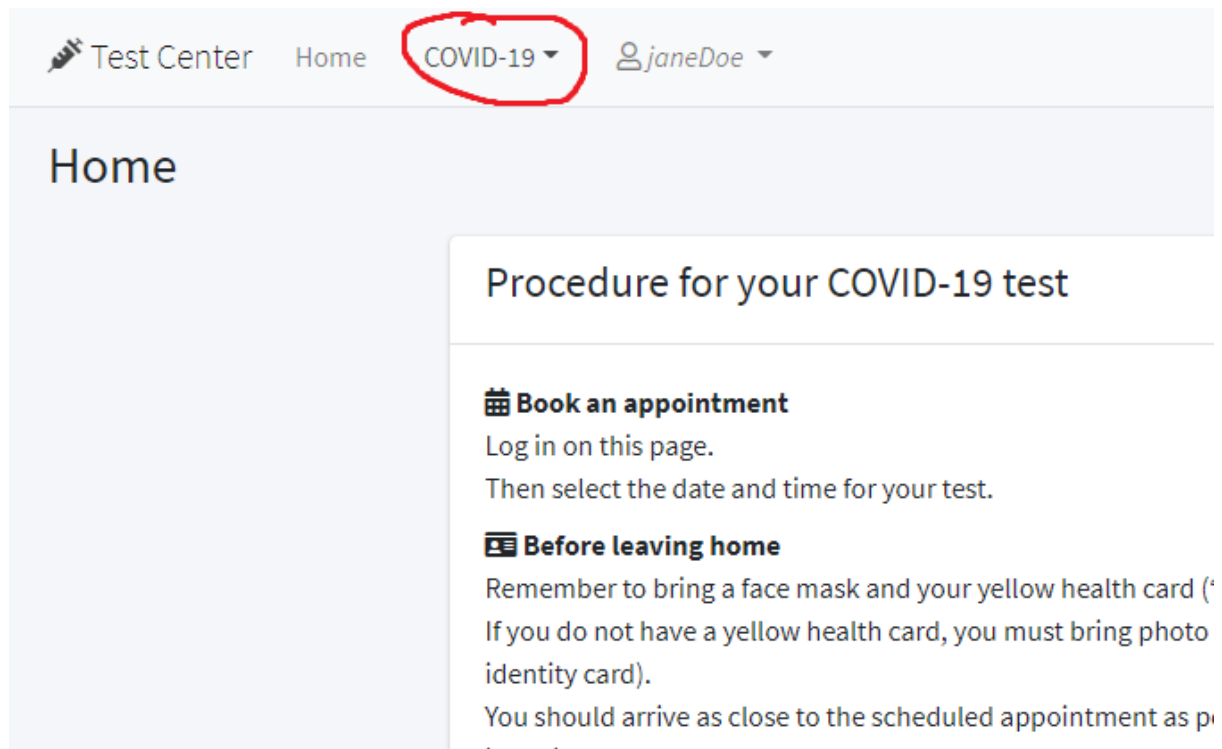

A new window will appear requesting credentials.

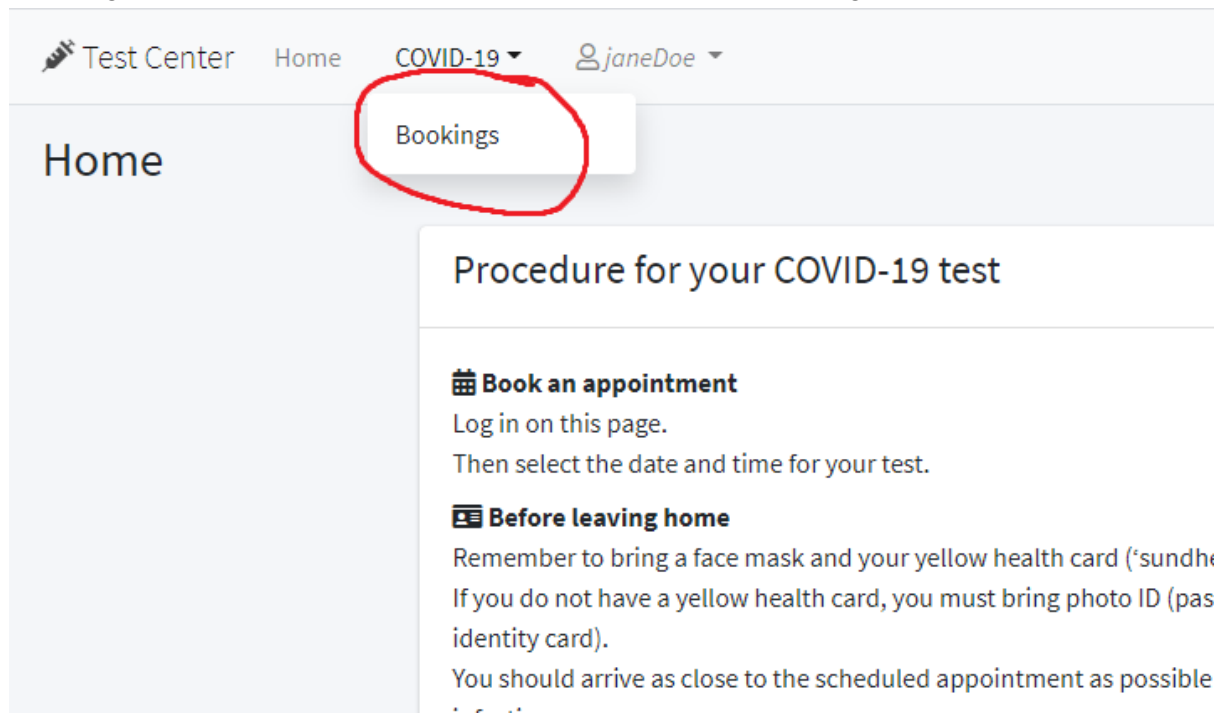

Fill in with any of the credentials listed on top of the page, but the username “janeDoe” and password “root” will be used here without the quotations.

A sign-in form with a light gray background. At the top, the text 'Please sign in' is displayed in a large, bold, dark blue font. Below this, there are two input fields. The first field contains the text 'janeDoe'. The second field contains four dots, indicating a password. Below the input fields is a large blue button with the text 'Sign in' in white.

This will take you to Jane Doe's home screen.  
Press "COVID-19"

"Bookings" will become visible from the drop menu. Click "Bookings"

This will bring up the calendar.

On the left side of the calendar is a box that has the label “Book a Covid-19 test”.

Press the calendar icon inside the red circle to pick a date, repeat for time, and press “Book”.

## UC Read Booking.

All users with a login can read their bookings in the calendar. However, a secretary and an admin can see all bookings.

Please log into the system like described in how to create a new booking with desired credentials.

Click on bookings like before:

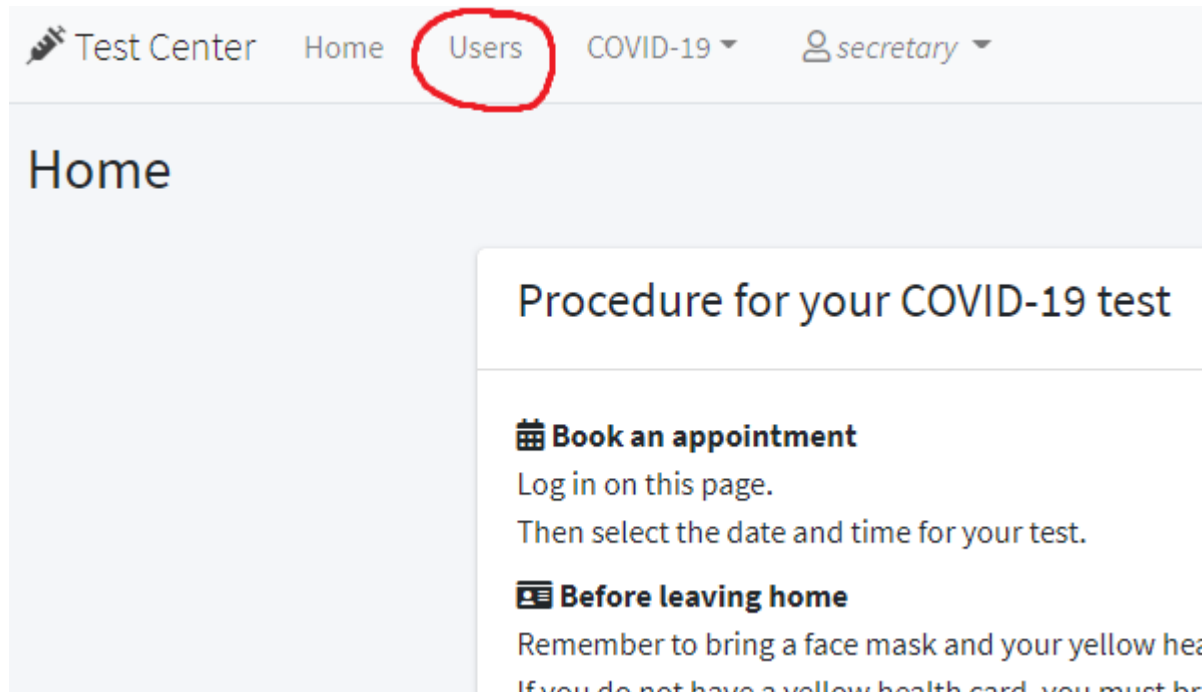

This will take you to the calendar. If logged in as a normal user/patient only own bookings will be displayed. If logged in as a secretary or an admin all bookings will be visible.

## UC Update Booking.

Only a secretary and an administrator that are logged in can update bookings.  
Follow the login procedure explained in Create new Booking.

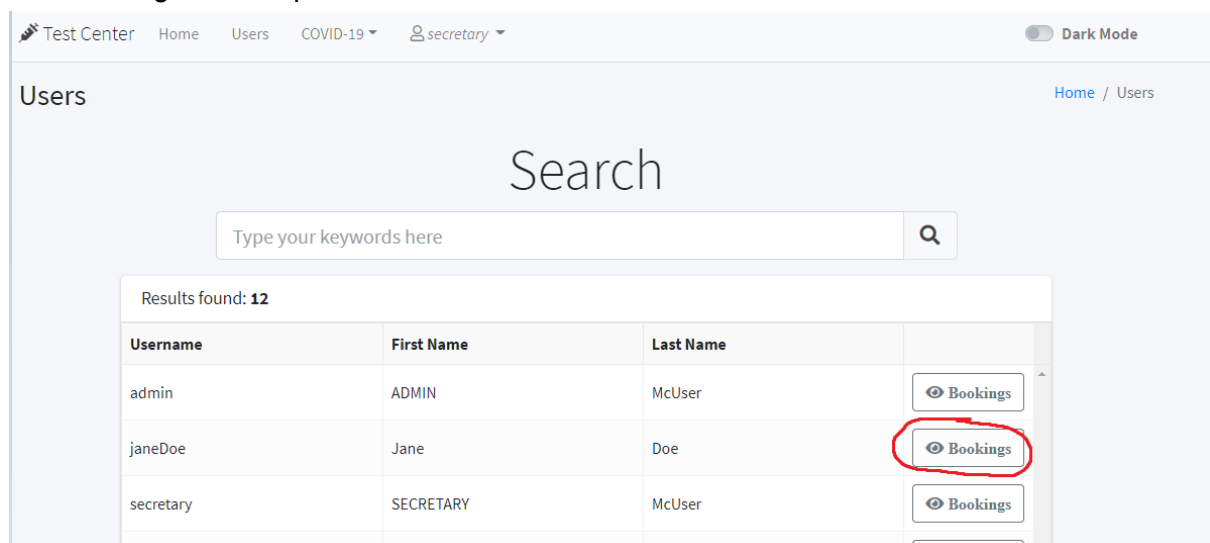

Click on “Users”

This will bring up the user list page.

Navigate to the user you wish to change the booking form and press “Bookings”

In this example, Jane Doe will be used and the booking you created in the “how to create new booking” will be updated.

This will bring up Jane Doe's calendar, which will show her booking. Click on the booking inside the calendar.
